Final Project Proposal

For my final project, I want to create a music video for Enjoy the Silence by Depeche Mode. The video will follow a person who feels constantly overwhelmed by the chaos of life. They escape into moments of 'silence' for comfort. But as the video progresses, they learn to see their world through a new perspective. And now the same situations that once stressed them now feel calm and comforting. The message is that everything relies on how you choose to look at it.
